**7th Annual
Regional Conference
February 3, 2018**

**TEEING OFF TO
EXCELLENCE IN GI
NURSING**

Presented by the Eastern Division of
the Georgia Society of
Gastroenterology Nurses and
Associates and by AUMC Center for
Nursing Education

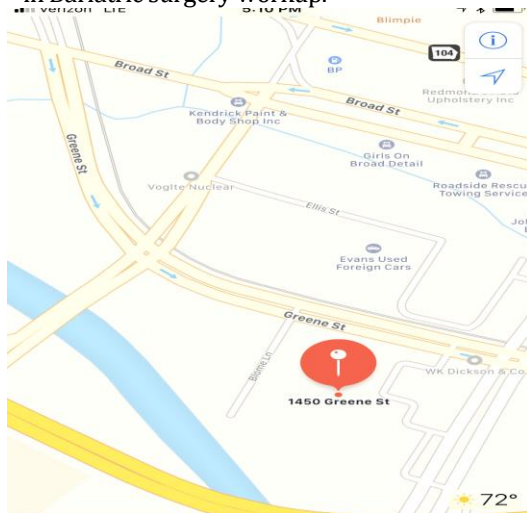

6 CONTACT HOURS

PURPOSE

Expand the knowledge base of gastroenterology Practitioners through continuing education.

OBJECTIVES

1. Recognize the nurse's role on multidisciplinary team of IBD patient
2. Discuss PPI therapy's role in the management of GERD.
3. Identify unique issues that anesthesia staff face in the GI suite.
4. Define when and why it is appropriate to hold anticoagulants prior to procedures.
5. Discuss the nurse's role in managing various types of upper GI bleeding.
6. Explore the role that endoscopy screening plays in Bariatric surgery workup.
